Sanat Bhandarkar

Objective: (past tense)

In this meeting we lightly touched on how the final discussion demo went. We followed up with any progress made since our last meeting, as well as what is coming up.

Agenda:

- Feedback
- Current progress
- Additional demo
- Testing discussion
- Questions?
- Final discussion

Information Covered:

- Discussion demo went well
- Newly added:
 - Drop down bullets with features
 - Added in new color changing feature
- Try to add:
 - Color changing feature anywhere for whole page
 - Add more styling for drop down feature next to bullets
 - Add in drop down feature for events in bullets
 - Custom collections (?)
 - Work on deployment
- Expected:
 - Events - add in a clock symbol or something
 - Styling overall interface - readable text
- No need to modify or change anything with UI
- Try to explore resizing of images based on the amount of space allocated in the photo gallery
- *Updates regarding testing:*
 - A lot of end to end testing
 - Going to current day - is current day correct
 - Password check

- Account check
 - URL change for monthly
 - Unit testing
 - Unsure of what functions to perform unit testing on
 - Try to add in more unit testing
- The public video - *DUE JUNE 10*
 - Space to be creative and have fun
 - Extra credit for synchronous final
 - Positive reviews from peers = extra credit (top 10 videos)
- The private video - *DUE JUNE 10*
 - Don't try to be funny
 - Cover all necessary information
 - Plan now (this week)
- NO MORE COMMITS AFTER JUNE 10
 - Disable any auto-commits
- Team member evaluation assignment now available
