- o Design layout and interaction of the files
- Quality Assurance (Unit Testing)
  - o Testing of Software
- UI Designer
  - o Designing the user interface
- Project Manager
  - o Plans the roadmap and timeline of the project. Assigns and mediates tasks to team members.
  - o Sends reminders to fellow team members
  - o Coordinates with team members about their tasks

6) Conflict Resolution

- If a team member does not complete their tasks or fulfill their responsibilities, members of the team agree to communicate with that individual to help them with any challenges they are facing. Only if no progress is made after communicating with that individual will we contact and bring the issue to the staff.

7) Expectations of Faculty and GTA's

- If a team member fails to live up to this agreement, the situation may be reported to the staff, but the team will still be responsible for submitting a completed assignment. Staff will be available to meet with teams to resolve issues.

8) Team Signatures
